(Cat above is Coalkit)
Skykit opened her eyes *Wow! The nursery is huge!* She thought to herself. Her brother, Coalkit, had still not opened his eyes. She prodded his black fur with her paw. He opened one eye then the other and leaped to his feet. "Come on!" Skykit meowed, "Let's go explore!" They scrambled out of the nursery. *Whoa! The camp is even bigger!* "Skylit! Coalkit! Get back here right now!" Tulipnose yowled. Skykit frowned *She isn't even our mother she died while having me so why does Tulipnose get to boss me around so what she lost all her kits that doesn't mean she can have us* Skykit thought while trotting alongside her brother back to the nursery. Tulipnose grabbed Skykit by her scruff and took her into the nursery and began to bathe her. Skykit scrunched her face up *Why does she have to do everything for me I can do it myself!* She thought as Tulipnose licked her fur.

Skykit sat in camp with her brother *Today we become apprentices!* She thought to herself happily. Wolfstar leaped up on the High Rock. "All cats who can catch fish in the stream gather under the High Rock for a clan meeting!" She yowled. Skykit leaped to her feet scrambling towards the High Rock. "Skykit, Coalkit, step forward!" They both ran up on the High Rock. "Skykit, from this day forward until you receive your warrior name you will be known as Skypaw and your mentor will be Coyotestorm!" Skypaw ran over to touch noses with her mentor. She didn't listen to the rest of the ceremony. After Wolfstar had finished Skypaw turned to her mentor, "What should we do first?" Skypaw asked excitedly. Coyotestorm meowed, "Why don't you clean out the elders den," Skypaw frowned,"B-but aren't we going to explore the territory?" She meowed,"No! I said clean out the elders den!" He hissed. She scrambled away to look for moss.
She scratched some moss off the base of a tree. And carried it back to camp. Wolfstar yowled, "There will be a gathering tonight! The cats coming are Coyotestorm and Skypaw, Heathersky and Coalpaw, Rowanheart, Ambertail and Owlpaw. And that's all. We
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

leave tonight!" *Yay! I get to go to the gathering!* Skypaw thought. Coyotestorm walked over, "If it was up to me," he hissed, "You wouldn't be coming," Skypaw frowned and continued cleaning the elders den.

(Cat above is Winterpaw)
Skypaw followed Wolfstar as they walked to the gathering. Coyotestorm graciously walked across the log to the island. Skypaw sunk her claws into the log trying to hold on. Then her paws began to slip. She tried to hold on but she splashed in the icy water surrounding the island. She swam out her pelt burning with embarrassment. *Well* she thought to herself *That could have been worse. I could have not been a RiverClan cat then someone would have to rescue me* she sat down as they waited for the other clans to come. ThunderClan was next. A pure white tom sat beside Skypaw. "Hi!" He meowed, "I'm Winterpaw! I'm from ThunderClan!" Skypaw smiled, "Hi! I'm Skypaw and I'm from RiverClan!" She responded. "Your from RiverClan! So you know how to swim!" He meowed excitedly. She nodded, "Yep I know how to swim," he grinned, "Hey maybe you could teach me? And I could teach you how to climb trees!" He meowed. Skypaw smiled happily, "Yes! This will be fun!"
"Tomorrow night?"
"Tomorrow night."
Skypaw had been so busy talking with Winterpaw that by the time they were finished talking it was time to go back to camp.

Skypaw padded back to camp with the others. She kept thinking about Winterpaw. *I can't wait until tomorrow night* Skypaw laid down in her bed and fell asleep.

Skypaw snuck past the warrior's den. She had waited all day to meet up with Winterpaw and now it was finally time. Skypaw saw Winterpaw sitting in the moonlight. He glanced up at her and smiled, "Let's start!" He meowed, "I will teach you how to climb first," Skypaw nodded, "Ok," she meowed. Winterpaw went up to the base of a large tree. "You just sink your claws into the bark and pull yourself up," he meowed and demonstrated. Skypaw nodded and mimicked Winterpaw. "There we go! Your doing great!" He meowed as she reached the top of the tree.

After Skypaw taught Winterpaw how to swim, he was quite good at it actually, they climbed back up the tree. "Hey," Winterpaw

meowed, "I, well, I really like you, I-I understand if you don't like me-" Skypaw cut him off "You-you do like me?" She meowed. He nodded. "I'm so happy because well I like you too," she meowed. He grinned and licked her cheek. "Let's meet up here every night. And when we become warriors maybe we can become mates!" Skypaw happily agreed. She padded back to camp *Wow he really likes me!* She thought to herself as she laid back in bed.

Chapter 3

(Cat above is Ripplekit)

This story should not be very long only about 10 chapters

Skypaw and Winterpaw had been meeting up every night for the past few moons. Skypaw now Skystorm padded out of camp as she had done for the past few moons. Winterpaw now Wintersky, who chose his warrior name in honor of Skystorm, was now the deputy. Skystorm was very exited to tell Wintersky her secret. She was expecting his kits. She climbed up the same tree as she did every night and waited for her mate.

Wintersky climbed up the tree laying down beside his mate. He smiled at her and she smiled back. "Guess what," Skystorm meowed. "What?" Wintersky asked smiling. "I'm expecting our kits," she meowed. He smiled, "I'm sure they'll all be beautiful. Just like you," he grinned and licked her cheek. "So you'll come to ThunderClan and we'll raise our kits there or I can come to RiverClan and we can raise them there," he meowed beginning to make plans for the future. Then they curled up together and fell asleep.

~~~~~~~~~~~~~~~~~~~~~ Don't mind me I'm just fast forwarding time
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

Skystorm and Wintersky were curled up under the roots of a large tree. Wintersky was pacing back and forth panicking. "Just breath remember to breath," he kept meowing to his mate. Skystorm winced, "The first kit is coming!" she meowed trying not to yowl in pain. She clenched her teeth together as the first kit came, a white she-cat. Then the next one, a grey tom. Then the last kit, a black she-cat. Skystorm gasped in relief as she curled up around her kits and her mate. "What should we call them?" Wintersky asked. Skystorm looked at her kits. She motioned to the black one, "This one will be Ripplekit and the white one will be Cloudkit and the

grey one will be Rushkit," she meowed. He nodded, "Those are beautiful names," he meowed. She nodded and curled up around her kits.

Skystorm awoke with a start. Her kits were gone. She shook Wintersky who awoke with a start. "The kits are gone!" She meowed. He sniffed the air. "Birdbreeze..." He whispered, "It was Birdbreeze. She's always had a crush on me. And now she's stolen our kits!" he meowed. They ran out of their makeshift den and followed Birdbreeze's scent. Then they saw her. She was standing over a small white body surrounded in dark red blood. She looked up at them, "I-I tried to save him... B-but I couldn't but I got the other ones to safety," she meowed. Skystorm hissed "What. Happened,"

"Don't act like you don't know. You did it. You killed her. She is covered in your scent!" She hissed. "I would never kill my own kit!" she hissed. She looked at Wintersky but his eyes were full of horror. "You. Killed. My. Kit!" he hissed at Skystorm. Birdbreeze looked up at Wintersky, "Ebonystar died of whitecough last night. Now you're Winterstar," Winterstar turned to Skystorm and hissed, "I never want to see you again! You killed my kit! You are not their mother Birdbreeze in now! She saved the others and I will be their father. Now. Leave."

"Come on Birdbreeze let's take our kits back home," Winterstar meowed picking up Cloudkit's limp body. Skystorm stared at Winterstar as he walked away with her kits. Then Skystorm collapsed to the ground.

Chapter 4

[image]

(Cat above is Rushpaw)
Skystorm's body shook as she tried to stand up. Her stomach was growling like a lion. She hissed and crouched down looking for food. She caught a scrawny mouse eating all of it hungrily. *They will pay. They all will pay* she thought angrily stalking towards the ThunderClan camp. She snuck under the brambles and looked at the camp. She saw Rushkit and Ripplekit play fighting. Birdbreeze picked Rushkit off Ripplekit and began to bathe them. Skystorm hissed *How dare she take my place as their mother?!?* She thought furiously as Birdbreeze licked Skystorm's kits.
Skystorm watched her kits from her spot hidden in the brambles for moons. Until one day...

Winterstar leaped on the HighRock. "All cats old enough to catch their own prey gather under the HighRock for a clan meeting!" Winterstar yowled. Skystorm watched as her kits padded towards the HighRock. Winterstar was making them apprentices. Birdbreeze was licking her kits getting them ready. Then Skystorm couldn't take it any more. She leaped out from the brambles clawing at Birdbreeze. Winterstar leaped down from the HighRock diving like a hawk and barreling into Skystorm his claws raked along her ear. She hissed at him, "I will have my revenge!" The blood flowed into her eyes blurring her vision. Then she ran out of camp.

Skystorm ran into the forest. Her fur was tattered and matted and her ribs were jutting out of her sides. Her eyes were wild. The blood was streaming down her face. Her ear was torn and her pelt was caked with mud. Then she climbed a tree and glared down into the camp and watched her kits. The sun was setting over the horizon casting golden rays on Skystorm's pelt.
I will have my revenge Skystorm thought to herself angrily, *They all will pay. Every one has abandoned me. Even StarClan. Now they all will pay.*

Skystorm hissed under her breath and fell asleep.

Chapter 5

[image]

(Cat above is Birdbreeze)

Skystorm watched from a tree as her kits learned to hunt. Ripplepaw pounced on a mouse as Rushpaw stalked a thrush. Skystorm bit back a hiss as she watched Birdbreeze congratulate them. *That should have been me. I am there mother not her.* Skystorm thought angrily. The blood on her ear had dried.
One day she thought *One day they shall know the truth. The truth about mouse-brained Winterstar and bird-brained Birdbreeze. And they will know I am their mother.* Skystorm's thoughts were interrupted when she heard a branch snap underneath her. A giant fox with russet fur was approaching her kits. Skystorm leaped from the tree onto the fox's back. The fox lunged for Birdbreeze snapping her throat in its jaws. Rushpaw and Ripplepaw looked horrified at Birdbreeze's dead body. Rushpaw and Ripplepaw looked at Skystorm and the fox. Then they dashed back to camp.

Skystorm hissed and slashed at the fox's muzzle. The fox yelped and ran into the forest, flinging Skystorm off its back. Winterstar ran over to Birdbreeze's corpse. He looked at Skystorm, "You. You did this. Why do you want to ruin my life," he hissed, "You don't deserve to live. You have ruined my life. Now I will end yours." Then he lunged at Skystorm's throat. Skystorm racked her claws along Winterstar's belly. He screeched and threw himself at Skystorm. "If I die I'm taking you with me!" Winterstar hissed furiously.

Skystorm hissed and clawed at Winterstar's throat. His blood pooled around him as his head lolled to the side. He looked at Skystorm as his mouth formed the word *Never*. Then he stopped breathing. Skystorm looked at the blood on her paws. The blood that stained Winterstar's white pelt. And she laughed.

Sorry for the short chapter but the next one I think will be the last one because I realized it would not be as long as I thought. Thanks for reading 😊

Chapter 6

It had been moons sense Birdbreeze and Winterstar had died. She watched thought the brambles as Rainstar called a clan meeting. She watched as Rainstar called her lots to the Highrock. Skystorm watched at her kits revived their warrior names, Rushheart and Ripplestorm. Skystorm grinned as she watched her kits sit their vigil. *I am going to tell them the truth.* She thought to herself as she padded into ThunderClan camp. Rushheart hissed, "What are you doing here,". Skystorm grinned. "Well," she meowed,"isn't it obvious. I've come to take you home,"
"I don't know what your talking about." Ripplestorm hissed.
Skystorm smiled, "Did you *really* think that mouse brained Birdbreeze was your mother? No. She was not. I am your mother. Birdbreeze killed your sister Cloudkit and blamed it on *me*. Then just like that my fox-headed mate abandons me and takes my kits with him."
Rushheart and Ripplestorm hesitated for a moment. "No." They meowed.
"No?" Skystorm meowed, "I must have heard you wrong,"
"No. You heard me right. Birdbreeze was our mother not you!" Rushheart hissed as Ripplestorm threw herself at Skystorm. "You will never be our mother. Winterstar said you killed Cloudkit so he *saved* us from *you*!" She spat.

"Well then." Skystorm meowed, "Have it your way then," and she flung herself at her kits tearing Ripplestorm's stomach out. Then she leaped on Rushheart's back biting his neck as he yowled to earn his clan. Then she raked her claws down his face his blood pouring on the floor as she delivered the death blow to her own kit. Then she ran into the forest just as the ThunderClan cats came out of their dens. Skystorm looked at her blood covered paws *Now what. I spend all my life waiting for revenge. Now I have it. What now?* Then she dashed into the Twoleg place. And she curled up by a big metal bin realizing what she had done.
When she woke up she was surrounded by rouges. "What are you doing on *our* territory?" An orange rouge with matted fur hissed. Skystorm looked up at him. And lunged for his throat. Startled, he

leaped backwards and ran away the rest of the rouges trailing behind him. Skystorm panted heavily as she wandered down the ally way. Then she heard foot steps. Many footsteps approaching her. She spun around and saw a pack of dogs staring hungrily at her. The dogs leaped at her. She hissed clawing at their muzzles. She felt their hot breath on her pelt as she kicked at one of their bellies. *Mauled by dogs* she though *Is this how my story ends? The story of a cat betrayed by their mate. The story of me.* Then all the dogs perked their ears up an ran away. Skystorm hissed under her breath *I am done with this life and now no one wants to kill me. I have gotten my revenge now I am satisfied.* Then she realized why the dogs ran away. A huge black monster was coming straight towards Skystorm. Then she smiled as the cat hit her and she skidded across the dark, black Thunderpath.

Thank you everyone sooooo much for reading this is the first book I have finished so yay!! :)
